

Please
talk **to**
me, not
about
me

an even better place to work

This is a
**no
moan**
zone

an even better place to work

Beware of
letting those
who say it
**cannot
be done,**
interrupt
the people
doing it

Inspired by
George Bernard Shaw

an even better place to work

Rather than
curse the
darkness,
**light a
candle**

Chinese Proverb

an even better place to work

The **door** of
opportunity
has '**open**'
written all
over it

an even better place to work

You are
disappointed
if you fail,
but you are
doomed
if you **do**
not try

Beverly Sills

an even better place to work

Leadership is about helping people feel special. When you feel special, you act special and the business benefits.
